## **Benefits of Joining our Big Sky Nanny Babysitting Team**

- As a Big Sky Nanny babysitter, we want to make sure that you are recognized for the hard work and the extra attention you put into the babysitting jobs you accept. Our members agree to pay our sitters a minimum hourly rate based on the number of children needing care starting at \$13.00 per hour for one child and increasing by \$2.00 for each additional child.
- When a family requests a sitter through our program, you will be sent an email and text with details about the job including the number and ages of the kids as well as any details about the position you should know. After reviewing the requests, you can easily accept the positions that you are available for and decline any that aren't a good fit.
- Our members will pay you directly at the end of each shift - either by cash, check, or Venmo. You keep the full amount the family pays - Big Sky Nanny doesn't take a cut of the money you earned!
- Your safety is important to us! We will screen the families we work with to the best of our ability to ensure your safety. We will also provide an easy to use rating system on our website for our sitters to review the families they work for and report anything we should know for future placements.
- Being a part of our Big Sky Nanny babysitting team will offer you the opportunity to work as much or as little as you want.
- We want to encourage our sitters to go the extra mile and will happily award bonuses and incentives for earning positive ratings from our members, accepting positions regularly, and referring other babysitters and families to our program!
- We are always here to offer assistance and support if you have any questions or concerns about our babysitting program.
